The Art Of Effective Communication - Tony Robbins - YouTube
The art of communication is the development of effective skills and finding a style of communication that suits the clinician and produces benefits for both patient and doctor. Objective/s This paper outlines the essential skills required for effective communication with a patient and suggests that clinicians consider this communication as an art that can be developed throughout a medical career.

RACGP - The art of communication
Effective communication is about more than just exchanging information. It’s about understanding the emotion and intentions behind the information. As well as being able to clearly convey a message, you need to also listen in a way that gains the full meaning of what’s being said and makes the other person feel heard and understood.

Effective Communication - HelpGuide.org
Definition: Effective communication is a process of exchanging ideas, thoughts, knowledge and information such that the purpose or intention is fulfilled in the best possible manner. In simple words, it is nothing but the presentation of views by the sender in a way best understood by the receiver. We can say that it generally involves;

What is Effective Communication? Definition ...
Communication is the act of sharing and conveying information between two or more individuals. It has so many components, and failing to communicate in the workplace effectively is commonplace. Effective communication requires all components interworking perfectly for “shared meaning,” a favorite definition of communication.

Main Components of Communication in the Workplace
Effective communication is communication between two or more persons with the purpose of delivering, receiving, and understanding the message successfully. It is the process of information sharing between team members in a way that keeps in mind what you want to say, what you actually say, and what your audience interprets.
