Offers sleepover themes, activities, food suggestions, late night games, and other ideas to make a young girl's sleepover party a success.

Filled with sleepover activities, late night games, and more, this book is designed to help make a young girl's sleepover party a great success for all.

This volume addresses the growing obsolescence of traditional constructions of masculine identity in popular romantic comedies by proposing an approach that combines gender and genre theory to examine the ongoing radical reconstruction of gender roles in these films. Alberti creates a unified theory of gender role change in the movies that combines the insights of both poststructuralist gender and narrative genre theory, avoiding binary approaches to the study of gender representation. He establishes the current "crises" in both gender representation and genre development within romantic comedies as examples of experimentation and change towards narratives that feature more egalitarian and less essentialist constructions of gender.

A reference guide to the decade's top trends, performers, and sounds, reviews the most influential albums, provides biographical overviews of key artists, and considers how technology and the Internet have impacted the industry.

Authorizing Shakespeare on Film and Television examines recent film and television transformations of William Shakespeare's drama by focusing on the ways in which modern directors acknowledge and respond to the perceived authority of Shakespeare as author, text, cultural icon, theatrical tradition, and academic institution. This study explores two central questions. First, what efforts do directors make to justify their adaptations and assert an interpretive authority of their own? Second, how do those self-authorizing gestures impact upon the construction of gender, class, and ethnic identity within the filmed adaptations of Shakespeare's plays? The chosen films and television series considered take a wide range of approaches to the adaptative process - some faithfully preserve the words of Shakespeare; others jettison the Early Modern language in favor of contemporary idiom; some recreate the geographic and historical specificity of the original plays, and others transplant the plot to fresh settings. The wealth of extra-textual material now available with film and television distribution and the numerous website tie-ins and interviews offer the critic a mine of material for accessing the ways in which directors perceive the looming Shakespearean shadow and justify their projects. Authorizing Shakespeare on Film and Television places these directorial claims alongside the film and television plotting and aesthetic to investigate how such authorizing gestures shape the presentation of gender, class, and ethnicity.

When Ohio-born Pru Steiner arrives in New York in 1976, she follows in a long tradition of young people determined to take the city by storm. But when she falls in love with and marries Spence Robin, her hotshot young Shakespeare professor, her life takes a turn she couldn't have anticipated. Thirty years later, something is wrong with Spence. The Great Man can't concentrate; he falls asleep reading *The New York Review of Books*. With their daughter, Sarah, away at medical school, Pru must struggle on her own to care for him. One day, feeling especially isolated, Pru meets a man, and the possibility of new romance blooms. Meanwhile, Spence's estranged son from his first marriage has come back into their lives. Arlo, a wealthy entrepreneur who invests in biotech, may be his father's last, best hope. *Morningside Heights* is a sweeping and compassionate novel about a marriage surviving hardship. It's about the love between women and men, and children and parents; about the things we give up in the face of adversity; and about how to survive when life turns out differently from what we thought we signed up for.

Meet Roxy. For fans of *Where'd You Go, Bernadette* and *Bridget Jones's Diary* comes "just the kind of comic novel we need right now" (*The Washington Post*) about an Austin artist trying to figure out her life one letter to her ex-boyfriend at a time. Bridget Jones penned a diary; Roxy writes letters. Specifically: she writes letters to her hapless, rent-avoidant ex-boyfriend—and current roommate—Everett. This charming and funny twenty-something is under-employed (and under-romanced), and she's decidedly fed up with the indignities she endures as a deli maid at Whole Foods (the original), and the dismaying speed at which her beloved Austin is becoming corporatized. When a new Lululemon pops up at the intersection of Sixth and Lamar where the old Waterloo Video used to be, Roxy can stay silent no longer. As her letters to Everett become less about overdue rent and more about the state of her life, Roxy realizes she's ready to be the heroine of her own story. She decides to team up with her two best friends to save Austin—and rescue Roxy's love life—in whatever way they can. But can this spunky, unforgettable millennial keep Austin weird, avoid arrest, and find romance—and even creative inspiration—in the process? With timely themes and hilarious, laugh-out-loud moments, *Roxy Letters* is a smart and clever story that is "bursting with originality, quirky wit, and delightful charm" (Hannah Orenstein, author of *Playing with Matches*).
