Thunder is the sound caused by lightning. [1] [2] [3] Depending on the distance from and nature of the lightning, it can range from a sharp, loud crack to a long, low rumble (brontide). The sudden increase in pressure and temperature from lightning produces rapid expansion of the air within and surrounding the path of a lightning strike.

A thunder of war roared through the sky, as the armies ran towards each other. Bone-breaking blows of warhammers, shields crushed, steel broke, flesh torn apart. Gut-ripping strokes of foul swords fell, impaled by spears, blood spitting dying. Pierced by arrows on the blood drenched fields, the penetrating stench of death. More enemy forces leapt

There's thunder on the horizon, and the lightning of war is about to strike. After years of struggle, Layla Cassidy has finally mastered the dark powers that threatened to control her and turned them to good. She's ready to fight, but the next battle will be her greatest test yet. The forces of Avalon are growing ever stronger, reinforcing their dominance with almighty displays of brutality. When Abaddon comes close to crushing Layla and her friends, it's clear that the thunder of war is about to give way to lightning--and that they have no chance of surviving it alone. The final battle against Abaddon is drawing closer. Now Layla and her friends must fight for themselves--and the future of the world. To win, they will need every power and ally they can muster. But even with all their strength, will it be enough to stand against the impending doom?

Co-winner of the 2017 Gilder Lehrman Lincoln Prize An intimate, authoritative history of the first black soldiers to fight in the Union Army during the Civil War Soon after Abraham Lincoln issued the Emancipation Proclamation on January 1, 1863, abolitionists began to call for the creation of black regiments. At first, the South and most of the North responded with outrage--southerners promised to execute any black soldiers captured in battle, while many northerners claimed that blacks lacked the necessary courage. Meanwhile, Massachusetts, long the center of abolitionist fervor, launched one of the greatest experiments in American history. In Thunder at the Gates, Douglas Egerton chronicles the formation and battlefield triumphs of the 54th and 55th Massachusetts Infantry and the 5th Massachusetts Cavalry--regiments led by whites but composed of black men born free or into slavery. He argues that the most important battles of all were won on the field of public opinion, for in fighting with distinction the regiments realized the long-derided idea of full and equal citizenship for blacks. A stirring evocation of this transformative episode, Thunder at the Gates offers a riveting new perspective on the Civil War and its legacy.

It was the war that lasted ten thousand days. The war that inspired scores of songs. The war that sparked dozens of riots. And in this stirring chronicle, Pulitzer Prize-winning journalist Philip Caputo writes about our country's most controversial war -- the Vietnam War -- for young readers. From the first stirrings of unrest in Vietnam under French colonial rule, to American intervention, to the battle at Hamburger Hill, to the Tet Offensive, to the fall of Saigon, 10,000 Days of Thunder explores the war that changed the lives of a generation of Americans and that still reverberates with us today. Included within 10,000 Days of Thunder are personal anecdotes from soldiers and civilians, as well as profiles and accounts of many historical luminaries, both American and Vietnamese, involved in the Vietnam War, such as Richard M. Nixon, General William C. Westmoreland, Ho Chi Minh, Joe Galloway, Dr. Martin Luther King Jr., Lyndon B. Johnson, and General Vo Nguyen Giap. Caputo also explores the rise of Communism in Vietnam, the roles that women played on the battlefield, the antiwar movement at home, the participation of Vietnamese villagers in the war, as well as the far-reaching impact of the war's aftermath. Caputo's dynamic narrative is highlighted by stunning photographs and key campaign and battlefield maps, making 10,000 Days of Thunder THE consummate book on the Vietnam War for kids.

As hostilities escalate in late 1965, the fates of three men intertwine in Vietnam.

Tells the story of the heroic efforts of American and Vietnamese Marines who fought against the communist invasion of South Vietnam known as the Easter Offensive of 1972.

Stephens was a black reporter for the black newspaper Weekly Anglo-African when the Civil War broke out. He joined the 54th Massachusetts, the first black Union regiment. Promoted to sergeant, he stormed Battery Wagner with his regiment. Surviving the Union defeat, Stephens served with the 54th through the end of the war.

In the country of Sohlgain, all young men are expected to chain a dragon and claim its charge. For Berun Toirnach, the eldest son of the nation's ruler, this means venturing onto a dragon reserve and hunting a wild dragon. A tradition his family has upheld for generations. The aftermath of this hunt will shape Berun's life. He is given a position as a Thunder Priest and gifted the power to control lightning, Berun must decide what to do with this new power. Will he use it selfishly, or will he use it for the benefit of his country? Years later, in an attempt to escape responsibility for a short time, Berun and his friends take a trip to the idyllic beachside city of Hurthow, where an ancient festival is celebrated by locals and foreigners alike. But the safety and warmth of the sun and sand is an illusion. Dangerous enemies wait, hiding behind smiles and cold eyes. Soon the lives of Berun's friends and family are put in danger, and the young prince must rely on his power and his allies, old and new, to save them. His father's most trusted bodyguard, a disgraced assassin known for his skill and ruthless precision. A young God Mage and her companions. And a coward with a power he's afraid to use. All of them will be needed to save those threatened. But time is against them and their enemies have secrets of their own.

The thunderous roar of exploding depth charges was a familiar and comforting sound to the crew members of the USS Barb, who frequently found themselves somewhere between enemy fire and Davy Jones's locker. Under the leadership of her fearless skipper, Captain Gene Fluckey, the Barb sank the greatest tonnage of any American sub in World War II. At the same time, the Barb did far more than merely sink ships—she changed forever the way submarines stalk and kill their prey. This is a gripping adventure chock-full of "you-are-there" moments. Fluckey has drawn on logs, reports, letters, interviews, and a recently discovered illegal diary kept by one of his torpedomen. And in a fascinating twist, he uses archival documents from the Japanese Navy to give its version of events. The unique story of the Barb begins with its men, who had the confidence to become unbeatable. Each team helped develop innovative ideas, new tactics, and new strategies. All strove for personal excellence, and success became contagious. Instead of lying in wait under the waves, the USS Barb pursued enemy ships on the surface, attacking in the swift and precise style of torpedo boats. She was the first sub to use rocket missiles and to creep up on enemy convoys at night, joining the flank escort line from astern, darting in and out as she sank ships up the column. Surface-cruising, diving only to escape, "Luckey Fluckey" relentlessly patrolled the Pacific, driving his boat and crew to their limits. There can be no greater contrast to modern warfare's long-distance, videogame style of battle than the exploits of the captain and crew of the USS Barb, where they sub, out of ammunition, actually rammed an enemy ship until it sank. Thunder Below! is a first-rate, true-life, inspirational story of the courage and heroism of ordinary men under fire.

“Beautifully wrought and impossible to put down, Daniel Sharfstein's Thunder in the Mountains chronicles with compassion and grace that resonant past we should never forget.”—Brenda Wineapple, author of Ecstatic Nation: Confidence, Crisis, and Compromise, 1848-1877 After the Civil War and Reconstruction, a new struggle raged in the Northern Rockies. In the summer of 1877, General Oliver Otis Howard, a champion of African American civil rights, ruthlessly pursued hundreds of Nez Perce families who resisted moving onto a reservation. Standing in his way was Chief Joseph, a young leader who never stopped advocating for Native American sovereignty and equal rights. Thunder in the Mountains is the spellbinding story of two legendary figures and their epic clash of ideas about the meaning of freedom and the role of government in American life.

The West Virginia mine war of 1920-21, a major civil insurrection of unusual brutality on both sides, even by the standards of the coal fields, involved thousands of union and nonunion miners, state and private police, militia, and federal troops. Before it was over, three West Virginia counties were in open rebellion, much of the state was under military rule, and bombers of the U.S. Army Air Corps had been dispatched against striking miners. The origins of this civil war were in the Draconian rule of the coal companies over the fiercely proud miners of Appalachia. It began in the small railroad town of Matewan when Mayor C. C. Testerman and Police Chief Sid Hatfield sided with striking miners against agents of the Baldwin-Felts Detective Agency, who attempted to evict the miners from company-owned housing. During a street battle, Mayor Testerman, seven Baldwin-Felts agents, and two miners were shot to death. Hatfield became a folk hero to Appalachia. But he, like Testerman, was to be a martyr. The next summer, Baldwin-Felts agents assassinated him and his best friend, Ed Chambers, as their wives watched, on the steps of the courthouse in Welch, accelerating the miners' rebellion into open warfare. Much neglected in historical accounts, Thunder in the Mountains is the only available book-length account of the crisis in American industrial relations and governance that occurred during the West Virginia mine war of 1920-21.
