Integrated Business Planning (IBP) is the business planning process that extends the principles of S&OP throughout the supply chain, product and customer portfolios, customer demand and strategic planning, to deliver one seamless management process. Integrated Business Planning is the industry's best practice model.

~~Oliver Wight EAME LLP - What is
Integrated Business Planning~~

There are several benefits to using a planning and control process. The planning function establishes income and expense goals and helps to identify any deviations from these goals. For example, planned expenditures are clearly outlined in the budget and provide guidelines for making expenditure decisions throughout the month.

Planning and control are concerned with the
future activities of the business. Planning is
always for future and control is also forward
looking. No one can control the past, it is
the future which can be controlled. Planning
and controlling are concerned with the
achievement of business goals. Their
