best seller. This revised edition contains the latest car audio and electronic components, with detailed information on how to install and tune a car audio system. Installing or upgrading highquality car stereo systems is a top priority for all types of car enthusiasts--from 20-year-old sport compact owners to 50-year-old classic car restorers.

Save a fortune on great-performing customized car speakers. If done by an installer, custom speakers can run to thousands of dollars and your satisfaction isn't necessarily guaranteed. The best solution is to build your own. *Car Stereo Speaker Projects Illustrated*, by Dan Ferguson, is the one and only illustrated project book that will take you step-by-step through the design and installation of your own customized car speakers, with minimum tools and equipment. You get 20 complete projects covering both front and rear speakers for sedans, pickups, vans, Jeeps, and SUVs. Many of the designs appear nowhere else--and virtually all have tested in use and found to be significant improvements over conventional wisdom. Each project takes you from the circuit schematic to the construction of the enclosure to installing the system in the vehicle. This hands-on guide is loaded with hundreds of digital photos--plus design spreadsheets, Thiele-Small parameter measurement techniques, and examples of speaker design shareware in

consolidates the most accurate information into one resource so you can make sense of it all. In an easy-to-read and entertaining format, you'll learn how to: choose equipment, including speakers, amplifiers, and head units; decide where to locate and how to enclose speakers; and tie fundamental audio principles together. The author also examines how upholstery, cabin shape, dash surfaces, and the shape and quantity of glass contribute to the acoustic signature of a car's interior and how they should influence audio design. While there are numerous audio systems in the various makes of vehicles, aficionados of sound quality want something more than what comes standard from the manufacturer.
