MINI Car Configurator - Build Your Perfect Car | Inchape
Dollhouses and other miniature scale buildings often come as kits or completed structures made from medium density fiberboard (MDF) or Baltic birch plywood. Both materials give off some gasses, so they should never be left unfinished. Plywood structures are lighter and can be built to be dismantled or added on to at a later date.

Materials for Miniature Building
Mini-trial - Designing Buildings Wiki - Share your construction industry knowledge. A mini-trial (also known as an executive tribunal), is a form of alternative dispute resolution in which each party, often through legal advisers, makes a presentation of its case to a mini-trial panel. An abbreviated version of the discovery process may have taken place in advance of the mini-trial.
