Fun and whimsical, Dodge Tank is an easy to read and well written LitRPG novel. It was a bit too casual considering some of the serious plot elements (terminally sick mother, brother who seems to be in danger, MC is paraplegic at the beginning), but the ending really knocked it out of the park for me!**

Dodge Tank takes what is to me a unique idea, and spins it into a believable story. The start of the book (the first couple chapters) to me sets the characters in my mind, and gives me an expectation of them in the future. Very easy to see the MC is very local when he commits, and tries to believe the best in people. Once the real story starts spinning up, you see a character that is very, to ...
