For those who have read Tobias Wolff's memoir This Boy's Life, Geoffrey Wolff's The Duke of Deception fills in many gaps. Where This Boy's Life focuses on a rather short period of a couple years in Tobias Wolff's life, The Duke of Deception covers the life of their father, Arthur. The writing style is much more formal than Toby's book.

Wolff recalls the years spent, mostly on the run, with his irresponsible father--a self-taught engineer, con man, forger, and gyp artist--and his later coming to terms with his father's character and life

This unforgettable memoir, by one of our most gifted writers, introduces us to the young Toby Wolff, by turns tough and vulnerable, crafty and bumbling, and ultimately winning. Separated by divorce from his father and brother, Toby and his mother are constantly on the move, yet they develop an extraordinarily close, almost telepathic relationship. As Toby fights for identity and self-respect against the unrelenting hostility of a new stepfather, his experiences are at once poignant and comical, and Wolff does a masterful job of re-creating the frustrations and cruelties of adolescence. His various schemes - running away to Alaska, forging checks, and stealing cars - lead eventually to an act of outrageous self-invention that releases him into a new world of possibility.

Whether he is evoking the blind carnage of the Tet offensive, the theatrics of his fellow Americans, or the unraveling of his own illusions, Wolff brings to this work the same uncanny eye for detail, pitiless candor and mordant wit that made *This Boy's Life* a modern classic.

With these interwoven autobiographical essays, Geoffrey Wolff, author of the acclaimed *The Duke of Deception*, recounts the moral (and immoral) education of a writer, friend, husband, and father, as he offers his spirited, elegant, and deeply felt observations on an extraordinary life: from wildly dysfunctional childhood Christmases to a concupiscent career teaching literature in Istanbul; from a victory over the chaos of drink to a life-affirming surrender to the majesty of the Matterhorn; and from a foundering friendship to the transcending love of family. He shares with us, then, the wisdom of an alert man learning through the unsettling collisions of time, place, and local custom, and through the force of hardship and hazard, to bring his many disparate selves together -- with astonishing high-stakes candor and dazzling literary agility.

Ted and Maisie's parents moved to the community of Blackberry Mountain in upstate New York full of hope for the future; they would live a wholesome life rooted in the natural world, free from social constraints and the ugly urban climate of the early seventies. But all this changes when Maisie, age fifteen, stands poised at the top of a waterfall on the 4th of July and looks down over her family and friends before plunging headfirst into the shallow pool, doing herself injuries that will mark them all forever. "The sins of parents are visited on their children in this superb new novel. . . a stinging social and cultural portrait of a time, a place and a generation whose highflown ideals masked a weak moral fiber. . . While he is writing about the death of dreams, he provides a satisfying ending that is a

healthy antidote to much current fiction in which cynicism triumphs over faith and moral turpitude over justice."

The Barracks Thief is the story of three young paratroopers waiting to be shipped out to Vietnam. Brought together one sweltering afternoon to stand guard over an ammunition dump threatened by a forest fire, they discover in each other an unexpected capacity for recklessness and violence. Far from being alarmed by this discovery, they are exhilarated by it; they emerge from their common danger full of confidence in their own manhood and in the bond of friendship they have formed. This confidence is shaken when a series of thefts occur. The author embraces the perspectives of both the betrayer and the betrayed, forcing us to participate in lives that we might otherwise condemn, and to recognize the kinship of those lives to our own.
