Army's most successful intelligence agents. Having been recruited to infiltrate the Provisional IRA at the height of The Troubles, he rose its ranks to an unprecedented level. So highly was he valued by IRA leaders that he was promoted to serve in its infamous internal police - ironically, his job was now to root out and kill informers. Until one day in 1994, when it all went wrong. . . Fleeing Northern Ireland, Kevin was abandoned by the security services he had served so courageously and left to live as a fugitive. double agent within the highest ranks of the IRA, that danger was doubled. In this remarkable account, Kevin Fulton - former intelligence agent, ex-member of the IRA - tells a truth that is as uncomfortable as it is gripping.

When the necrons rise, a mining planet descends into a cauldron of war and the remorseless foes decimate the human defenders. Salvation comes in an unlikely form – the Death Korps of Kreig, a force as unfeeling as the Necrons themselves. When the two powers go to war, casualties are high and the magnitude of the destruction is unimaginable.
