Senior Phase (Grade 7) Educator Guide.
Natural Science. 20171. Electricity is
produced from fuel such as coal, water,
diesel and uranium which are limited
resources. An alternative to building new
power stations to supply the increase in
demand for electricity is to use what we
have more efficiently (i.e. without wasting),
one of the ways is to change the way we
use electricity.

themselves in rich and challenging content and leave your classroom better prepared for school and life. In English language arts and humanities, this includes developing the multifaceted reading, writing, thinking, and communication skills that constitute next generation literacy, including the ability to * Read complex text independently * Develop strong content knowledge through reading, writing, listening, and speaking * Tailor communication in response to different audiences, tasks, purposes, and disciplines * Comprehend text as well as critique it * Value evidence in arguments they read, hear, or develop * Use technology strategically and capably * Understand perspectives and cultures that differ from their own But as a teacher, you also know how much is riding on THOSE TESTS—achievement tests from the national assessment consortia, the SAT

and ACT, and independent state assessments. Is it possible to help students succeed on mandated tests without sacrificing your values, your creativity, and their education? Yes, it is possible. This book shows you how. This not a test-prep book. It is not about “drill and kill” practices that narrow learning so that students will pass an exam. Instead, authors Maureen Connolly and Vicky Giouroukakis present a lesson planning approach for the secondary classroom that generates test success as a byproduct of comprehensive literacy learning. After a comparative analysis of how current ELA assessments measure literacy, they model a backward design-based process for using these test items as a tool to create engaging and effective instruction. With 6 sample lessons, 42 instructional techniques, and tips for differentiation, this practical resource will empower you to help the
