human security entails a broadened understanding of threats and includes causes of insecurity relating for instance to economic, food, health, environmental, personal, community and political security.

HUMAN SECURITY IN THEORY AND PRACTICE

If I could sum up the text in one sentence it would probably read "Human security is both independent of, and yet related to human development, human rights, states, humanitarian intervention, and international aid. That makes it as clear as mud, but there's a lengthy chapter that defines the concept and its' rationale.

specific ' security ' issues without the traditional strains of narrowed, state-centric definitions of security that have previously hindered multi-party cooperation.

A Critical Evaluation of the Concept of Human Security

Defining the Concept of Security. The 'security' is multidimensional and complex connotation which is co-existed since human civilization came into being. The security is conceivably a paramount necessity to the existence of individuals and the survival of any nation-state. There is no perennial definition of security to satisfy every age and phase.

Defining The Concept Of Security - Free International ...

Human security forms an important part of people ' s well-being, and is therefore an objective of development. An objective of development is “ the enlargement of human choices ” . Insecurity cuts life short and thwarts the use of human potential, thereby affecting the reaching of this objective.
