I ME MINE CHORDS (ver 3) by The Beatles @ Ultimate-Guitar.Com

'I Me Mine' was the last new track recorded by the Beatles for Let It Be, in April 1970, just before the band split. Ten years later it became the title of George Harrison's autobiography. Completing the I ME MINE collection, we present a facsimile reproduction of George Harrison's hand-written 'I Me Mine' lyric.

Offers a rare inside view of the Beatles and the cultural revolution of which they were a part, with a personal recollection of Harrison's evolution as a musician and composer.

A new edition of the musical memoir originally published in 1980 offers a rare inside view of the Beatles and the cultural revolution of which they were a part, with a personal recollection of Harrison's evolution as a musician and composer.

George Harrison was always known as the 'quiet Beatle' As part of the biggest band in pop history, he took a back seat to Paul McCartney and John Lennon, but his talent shone through in the composition of classic songs such as 'Something' and 'Here Comes The Sun'. In his solo career he occasionally threatened to eclipse both John and Paul on the world stage, and he joined forces with Bob Dylan, Tom Petty, Roy Orbison and Jeff Lynne to create the massively successful supergroup the Traveling Wilburys. However, the success of his professional life was often met by turmoil in his private life, and the loss of first wife Patti to best friend Eric Clapton, the traumatic attempt on his life by a knife wielding intruder and his final struggle against cancer meant that George Harrison's life was nothing if not dramatic. Bestselling author Marc Shapiro has exclusively interviewed friends and former colleagues of the enigmatic guitar legend. This revealing biography reaffirms Harrison's importance as an innovative and hugely talented musician and shows that, as a member of the most important band ever, as well as in his multi-faceted career after the Beatles, George Harrison was no ordinary man.

John Lennon called himself a working class hero. George Harrison was a working class mystic. Born in Liverpool as the son of a bus conductor and a shop assistant, for the first six years of his life he lived in a house with no indoor bathroom. This book gives an honest, in-depth view of his personal journey from his blue-collar childhood to his role as a world-famous spiritual icon. Author Gary Tillery's approach is warmly human, free of the fawning but insolent tone of most rock biographers. He frankly discusses the role of drugs in leading Harrison to mystical insight but emphasizes that he soon renounced psychedelics as a means to the spiritual path. It was with conscious commitment that Harrison journeyed to India, studied sitar with Ravi Shankar, practiced yoga, learned meditation from the Maharishi Mahesh Yogi, and became a devotee of Hinduism. George worked hard to subdue his own ego and to understand the truth beyond appearances. He preferred to keep a low profile, but his empathy for suffering people led him to spearhead the first rock-and-roll super event for charity. And despite his wealth and fame, he was always delighted to slip on overalls and join in manual labor on his grounds. At ease with holy men discussing the Upanishads and the Bhagavad Gita, he was ever the bloke from Liverpool whose father drove a bus, whose brothers were tradesmen, and who had worked himself as an apprentice electrician until the day destiny called. Tillery's engaging narrative depicts Harrison as a sincere seeker who acted out of genuine care for humanity and used his celebrity to be of service in the world. Fans of all generations will treasure this book for the inspiring portrayal it gives of their beloved "quiet" Beatle.

Kronologisk gennemgang af George Harrisons sange med hovedvægt på tiden efter 1968

George Harrison on George Harrison is an authoritative, chronologically arranged anthology of Harrison's most revealing and illuminating interviews, personal correspondence, and writings, spanning the years 1961 to 1997. Though known as "the Quiet Beatle," Harrison was arguably the most thoughtful and certainly the most outspoken of the famous four. This compendium of his words and ideas proves that point repeatedly, revealing his passion for music, his focus on spirituality, and his responsibility as a celebrity, with a sense of deep commitment and humor as well.

The lyrics to all the Beatles' best loved songs. Complete with a full discography, detailing singles, EP's and albums, recording dates and lead singer credits.

Twenty years ago David Sheff climbed the back steps of the Dakota into the personal thoughts and dreams of John Lennon and Yoko Ono. From the kitchen to the studio and up those fateful Dakota steps, Sheff recorded 20 hours of tape, discussing everything from childhood to the Beatles. Sheff gives a rare and last glimpse of John and Yoko, one that seemed to look beyond the kitchen table to the future of the world with startling premonitions of what was to come.

Beatrice Longuenesse presents an original exploration of our understanding of ourselves and the way we talk about

ourselves. In the first part of the book she discusses contemporary analyses of our use of 'I' in language and thought, and compares them to Kant's account of self-consciousness, especially the type of self-consciousness expressed in the proposition 'I think.' According to many contemporary philosophers, necessarily, any instance of our use of 'I' is backed by our consciousness of our own body. For Kant, in contrast, 'I think' just expresses our consciousness of being engaged in bringing rational unity into the contents of our mental states. In the second part of the book, Longuenesse analyzes the details of Kant's view and argues that contemporary discussions in philosophy and psychology stand to benefit from Kant's insights into self-consciousness and the unity of consciousness. The third and final part of the book outlines similarities between Kant's view of the structure of mental life grounding our uses of 'I' in 'I think' and in the moral 'I ought to, ' on the one hand; and Freud's analysis of the organizations of mental processes he calls 'ego' and 'superego' on the other hand. Longuenesse argues that Freudian metapsychology offers a path to a naturalization of Kant's transcendental view of the mind. It offers a developmental account of the normative capacities that ground our uses of 'I, ' which Kant thought could not be accounted for without appealing to a world of pure intelligences, distinct from the empirical, natural world of physical entities.

Cynthia and John Lennon's relationship spanned ten crucial years of the Beatles phenomenon. But as well as new insight into the Beatles years, Cynthia has a compelling personal story of marriage, motherhood and the man who was to become the most idolised and admired of all the Beatles. Cynthia is candid about the cruel and the loving sides of John. She tells of the end of their marriage and the beginning of his relationship with Yoko Ono in more detail than ever before, and reveals the many difficulties estrangement from John - and then his death - brought for herself and Julian. Cynthia is a remarkable survivor and this is her extraordinary story and unique insight into a man loved and idolised all over the world.
