Wonderful Amp - great design and fantastic sound. I bought it recently and listened to with Tannoy M3 and Sony CDP XE570, after listened with Yamaha AX-396 Amp. The difference is huge in favor of JVC. The scene is

This author provides an easily accessible introduction to quantum field theory via Feynman rules and

The book begins with a brief review of some aspects of Einstein's theory of relativity that are of particular importance for field theory,

It would be no exaggeration to call Charles Mingus the greatest bass player in the history of jazz; indeed,

Some might even regard it as understatement, for the hurricane power of his work as a composer, teacher, band leader, and iconoclast reached far beyond jazz while remaining true to its heritage in the music of Duke Ellington, Charlie Parker, and Thelonious Monk. In this

Most macroeconomists agree that we

of microfoundations is likely to be unreliable. They therefore re-examine the history of the relationship of microeconomics and macroeconomics, starting from their emergence as self-consciously distinct fields within economics in the early 1930s. They seek to go beyond the
