Traditions In The Ancient

Transmission of technologies from one craft to another is one of the main drivers of innovation, whilst sharing knowledge is enabled and limited by the extent of associated social networks in place. Archaeological research has often been limited to studying objects made of one particular material in depth, be it lithic materials, ceramics, textiles, glass, metal, wood or others.

Traditional Knowledge

Read Online Knowledge Networks And Craft

Traditional knowledge (TK) is knowledge, know-how, skills and practices that are developed, sustained and passed on from generation to generation within a community, often forming part of its cultural or spiritual identity. While there is not yet an accepted definition of TK at the international level, it can be said that:
