miejsca. Jest ciasno. Trzecia wojna światowa starła ludzką powierzchnię Ziemi. Planeta opustoszała. Całe miasta obróciły się w proch i pył. Przestała istnieć transport, zamarła komunikacja. Radio milczy na wszystkich człotliwociach. W Moskwie przeżyli tylko ci, którzy przy wtórze syren alarmowych zdobili do bram metra. Tam, na głębokości dziesiątek metrów, na stacjach i w tunelach, ludzie próbują przeczekać koniec cywilizacji. W miejsce utraconego ogromnego świata stworzyli swój własny uniwersalny świat. Czepiają się życia i ani myśli poddać. Pewnie marzą o powrocie na powierzchnię – kiedy, kiedy obniży się poziom radiacji. I nie tracą nadziei na odnalezienie innych ocalałych... First English U.S. PREMIUM HARDCOVER Edition of the cult dystopia "METRO 2033". \* \* \* Metro 2033 tells the story of a young man named Artyom who goes a long way to save his world from mortal danger. The book describes the consequences of an atomic war. Its only survivors strive for existence in the mazes of the Moscow subway (Metro) some two decades after the nuclear Holocaust. Formally a sci-fi novel, Metro 2033 describes a dystopia, in which Russia's present-day society is superficially analyzed and described. It also critically examines communism in the former Soviet Union and the rise of fascism in modern Russia. Over 2,000,000 copies of Metro 2033 have been sold worldwide. Foreign book rights have been sold to more than 37 countries. The franchise

World War Three wiped out the humankind. The planet is empty now. Huge cities became dust and ashes. Railroads are being eaten by rust. Abandoned satellites hang lonely on the orbit. Radio is mute on all the frequencies. The only survivors of the last war were those who made it into the gates of the Metro, the subway system of Moscow city. It's there, hundreds of feet below the ground, in the vaults of what was constructed as the world's largest air-raids shelter that people try to outlive the end of the days. It's there that they created a new world for themselves. The stations of Metro became city-states, and its citizens, torn apart by religions and ideologies are fighting for the now scarce commodities: air, water, and space. This

tiny underground world can only remind humans of an immense world they once were the masters of. It's been twenty years past Doomsday, and yet the survivors refuse to give up. The most stubborn of them keep cherishing a dream: when the radiation level from nuclear bombings subsides, they will be able to return to the surface and have the life their parents once had. But the most stubborn of the stubborn continues to search for other survivors in this huge emptiness that once was called Earth. His name is Artyom. He would give anything to lead his own people from the underground onto the surface. And he will. \* \* \* METRO 2035 continues and terminates the story of Artyom, the hero of the original Metro 2033 book and the Metro video games. Millions of readers across the world have been waiting for this novel for the long ten years. For those who have been following Artyom's

Dmitry Glukhovsky's METRO novels have already sold millions of copies in 37 languages. They have also become a basis of cult video games 'Metro 2033' and 'Metro Last Light', and the film rights were optioned by a Hollywood studio. \* \* \* Behind the tense plot and the dark ambience of Metro 2035, there's yet another level: that of social dystopia and political satire. Metro metaphorically paints a pitiless picture of today's Russia, that is being overcast again by the dark shadows of its gruesome past. Do Russians need freedom? Do they want a war? Can they survive without an enemy? Who's to
