His family's farmland has been taken over by developers. His best friend Tommy has abandoned him. And he keeps getting nosebleeds, because of that thing he doesn't like to talk about. So Obe hangs out at the nearby creek, in the last wild patch left, picking up trash and looking for animal tracks. One day, he sees a creature that looks kind of like a large dog. And as he watches it, he realizes it eats plastic. Only plastic. Water bottles, shopping bags... No one has seen a creature like this before. A first garden story board book that reveals how plants grow with lift-the-flaps and a pullout height chart. Teach your child how a tiny seed grows into a flower in this fascinating lift-the-flap garden story. A pullout height chart ends the book--a great way for children to remember how a sunflower grows, and to measure how fast your child grows, too! Through illustrations, photography, and flaps, sixteen delightful board book pages reveal the wonder of how plants grow as you follow the story of a mystery seed. How was it planted? What does it need? What will it become? As days go by, it's hard to imagine the tiny shoot will ever grow into a big, strong plant. Could it magically become the tallest of all the garden flowers? Flaps unfold to show plants growing, creatures hiding, and what's happening underground. The book includes very simple gardening projects and facts about garden creatures (which ones are good for plants, and which ones are bad), and children will find out what a pollinator is, and how to attract pollinators to the garden. The perfect gift for aspiring gardeners, complete with a height chart.

RECIPIENT OF THE PURA BELPRÉ HONOR * A Today Show's Best Kids' Books of 2019 * Indie Next List Pick * Junior Library Guild Selection * "An appealing tribute and successful remedy to the lack of titles about the groundbreaking librarian...a must-have for all libraries." "School Library Journal (starred review) An inspiring picture book biography of storyteller, puppeteer, and New York City's first Puerto Rican librarian, who championed bilingual literature. When she came to America in 1921, Pura Belpré carried the cuentos folklóricos of her Puerto Rican homeland. Finding a new home at the New York Public Library as a bilingual assistant, she turned her popular retellings into libros and spread story seeds across the land. Today, these seeds have grown into a lush landscape as generations of children and storytellers continue to share her tales and celebrate Pura's legacy. Brought to colorful life by Paola Escobar's elegant and exuberant illustrations and Anika Aldamuy Denise's lyrical text, this gorgeous book is perfect for the pioneers in your life. Informative backmatter and suggested further reading included. A Spanish-language edition, Sembrando historias: Pura Belpré: bibliotecaria y narradora de cuentos, is also available. "Anika Aldamuy Denise's intimate telling captures the magical, folk-tale feeling of Belpré's own stories. Her lyrical text, sprinkled like fairy dust with Spanish words, begs to be read aloud, while Paola Escobar's stylishly detailed and warmly expressive illustrations capture the joy of sharing stories."
