In-Text Citations: Author/Authors. Note:

This page reflects the latest version of the APA Publication Manual (i.e., APA 7), which released in October 2019. The equivalent resource for the older APA 6 style can be found here. Though the APA's author-date system for citations is fairly straightforward, author categories can vary significantly from the standard "one author, one source" configuration.

In-Text Citations: Author/Authors // Purdue Writing Lab

APA style dictates that brackets should directly surround their content without spaces (e.g., [bracketed content] should look like this). When possible, include the year, month, and date in references. If the month and date are not available, use the year of publication.

Citation management tools allow a user to organize and retrieve information, such as citations for books, articles, and Web sites, by interfacing with library databases. The citation manager then works with word-processing software to insert properly formatted footnotes or citations into a paper and create a properly formatted bibliography.

Citation Management | Cornell University Library

APA style has a series of important rules on using author names as part of the author-date system. There are additional rules for citing indirect sources, electronic sources, and sources without page numbers. Citing an Author or Authors A Work by Two Authors: Name both authors in the signal phrase or in the parentheses each time you cite the work.
