REGRET | meaning in the Cambridge English Dictionary

Regret is the emotion of wishing one had made a different decision in the past, because the consequences of the decision were unfavorable.. Regret is related to perceived opportunity. Its intensity varies over time after the decision, in regard to action versus inaction, and in regard to self-control at a particular age. The self-recrimination which comes with regret is thought to spur ...

Regret - Wikipedia

A regret for the mistakes of yesterday must not, however, blind us to the tasks of today. Some day, when I am rich and famous, I shall look back on all this with regret. All the regret I shall have, if I die, my darling, will be to have no child from you. I belong to you henceforth, and my only regret is that I am of so little worth.

The Meaning of Regret | Psychology Today

"The only calibration that counts is how much heart people invest, how much they ignore their fears of being hurt or caught out or humiliated. And the only thing people regret is that they didn't live boldly enough, that they didn't invest enough heart, didn't love enough. Nothing else really counts at all."

Regret Quotes (1474 quotes) - Goodreads

Regret is both a feeling and a pattern of thinking where one dwells on or constantly replays and thinks about an event, reactions or other actions that could have been taken. Regrets can become over painful burdens that interfere with your present happiness, cause you grief, and restrict your future.
