Explains the ways in which the media uses sex and violence to manipulate human behavior, citing specific examples from Playboy, Vogue, and Cosmopolitan magazines

In our request "to be in the know" are we compromising our capacity for unadultered thought? In this startling book, Dr. Wilson Bryan Key exposes the devious and sophisticated strategies that advertisers use in newspapers, magazines and television to manipulate and seduce our thoughts and senses. He explores how the media establishes our "reality" and why, subsequently, Americans are the most manipulated people in the world. This provocative book will forever change the way you view the world around you.

Russian Society and the Orthodox Church examines the Russian Orthodox Church's social and political role and its relationship to civil society in post-Communist Russia. It shows how Orthodox prelates, clergy and laity have shaped Russians' attitudes towards religious and ideological pluralism, which in turn have influenced the ways in which Russians understand civil society, including those of its features - pluralism and freedom of conscience - that are essential for a functioning democracy. It shows how the official church, including the Moscow Patriarchate, has impeded the development of civil society, while on the other hand the non-official church, including nonconformist clergy and lay activists, has promoted concepts central to civil society.

Less likely a hoax, more likely an hallucination, but Key has amazing stories to tell in this revised edition of The clam-plate orgy (1980). Annotation copyright Book News, Inc. Portland, Or.

What if I were to tell you that your whole life was a media generated illusion just like in the movie The Truman Show? What if you discovered that everything you thought you knew about life, including the very thoughts you formulate, were actually the result and byproduct of a make-believe world you were forced to live in just like The Matrix movie? And finally, what if you stumbled upon the horrifying truth that all of this manipulation upon people's minds was not only going on across the whole planet twenty-four hours a day, seven days a week, non-stop, but it really was being generated by a handful of elites just like in the movie They Live? As crazy and science fiction as all that sounds, all three of those movie premises have become our everyday reality. Therefore, this book, Subliminal Seduction: How the Mass Media Mesmerizes the Minds of the Masses seeks to inform, expose, and equip you the reader with the shocking evidence of how our whole planet really is being controlled and manipulated by a small group of entities who are mesmerizing us for their own nefarious agendas using the power of Mass Media to get the job done. Here you will have unveiled such eye-opening truths as: The History of Subliminal Technology, The Methods of Subliminal Technology, The Manipulation of Newspapers, The Manipulation of Radio & Music, The Manipulation of Books & Education, The Manipulation of Television, The Manipulation of Social Media, and The Response to Subliminal Technology. Believe it or not, our whole planet has been taken over by a group of elite individuals who have enslaved humanity through the power of Mass Media and mesmerized us to do their will. They have created a planet full of mindless, addicted zombies who will now "obey" "buy" "consume" "never question authority" "reproduce" "submit" and even "sleep" as the subliminal media tells us to do. Therefore, in these pages, you will be given the necessary set of "glasses" to "see" through this world of illusion in order to be "set free" from this prison planet we are now living in! Get your copy of Subliminal Seduction: How the Mass Media Mesmerizes the Minds of the Masses and take the way out before it's too late!

Blaspheming artists get all the press. Some exploit the shock potential of religious imagery - but many also reflect deeply on spiritual matters and are, in fact, some of the most profound and sensitive commentators on religion today. Here, Aaron Rosen shows how religious themes and images permeate the work of contemporary artists from across the globe.
