Siemens cell phones are cell phones that were manufactured by Siemens Mobile Siemens AG until 2005. It was in the handsets of this brand that innovations such as a color screen, an MP3 player, a slider form factor, memory cards first appeared. Due to the relatively high quality and relatively low cost, the phones were popular in the CIS, as well as in some European countries, for example, in ...

See here for basic info on the PanelView Plus panels: PanelView Plus Terminals User Manual - Literature Library. It seems you can use KepServer drivers to connect a PanelView Plus to various Modbus networks, including RTU and TCP; so can a S7 PLC (some require extra drivers and/or hardware), so that could be an option.
