In the past few years, computer systems have come to dominate not just our technological growth, but the foundations of our world's major industries.

Software Engineering: Amazon.co.uk: Sommerville, Ian ...

Showing this books value, this book is referenced numerous times in the IEEE's Software Engineering Body of Knowledge. I believe it's referenced more than any other source. I have both the 8th and 9th editions of this book. The 9th contains well-thought out updates, and I'd encourage those considering editions to use the latest edition.
