This is the first complete English translation of Bealu Girma's classic. Originally published in 1983 in Ethiopia, the novel served as a critical account of the Red Star Campaign, the Communist Derg government's attempt at a final comprehensive victory over the secessionist rebellion in Eritrea. A passionate and turbulent story of love and war, Oromay mocked high-level members of Ethiopia's communist regime and criticized the Derg's actions in Eritrea. The criticism contained in this incisive political allegory put Bealu in considerable danger owing to the repressive environment in which it was published. The novel was almost immediately banned after publication. Government officials attempted to confiscate all available copies but bootleg versions continued to circulate. In the aftermath, Bealu was fired from his job in Ethiopia's Ministry of Information and a few months later disappeared. It is generally believed that he was abducted and killed on the orders of government officials in retaliation for Oromay. Bealu's life had a dramatic arc of its own. Born in rural Ethiopia to an Ethiopian mother and Indian father, he was a graduate of Addis Ababa University and later studied journalism in the United States. In addition to serving as editor of several of Ethiopia's most respected magazines and newspapers (including Addis Zemen and The Ethiopian Herald) he also worked as a civil servant in Ethiopia's Ministry of Information. This position allowed him access to government officials during both the Imperial and Communist governments. Prior to Oromay, he wrote five other popular and critically-acclaimed Amharic-language novels: Beyond the Horizon, The Bell of Conscience, The Call of the Red Star, Haddis, and The Author. His integrity as a journalist, courageous criticism of repressive regimes, and martyrdom to the cause of literary freedom make him a significant figure in modern Ethiopian history and Amharic literature.

Engelsk-amharisk ordbog. De engelske ords betydning forklares ved hjælp af eksempler, hvor de optræder i hele sætninger

Antoine Meillet (1866–1936) is one of the most important linguists of all time

This is the very first anthology of Ethiopian poetry in English, packed with all the energy, wit and heartache of a beautiful country and language. From folk and religious poems, warrior boasts, praises of women and kings and modern plumbing; through a flowering of literary poets in the twentieth century; right up to thirty of the most exciting contemporary Amharic poets working both inside and outside the country. These poems ask what it means to be Ethiopian today, part of a young fast-growing economy, heirs to the one African state which was never colonised, but beset by deep political, ethnic and moral problems.

Revolution, civil wars, and guerilla warfare wracked Ethiopia during three turbulent decades at the end of the 20th century. Here, Tareke brings to life the leading personalities in the domestic political struggles, strategies of the warring parties international actors, and key battles.
