Heitger ISBN: 9781337115773 9781337115773 YOU ARE BUYING the Test Bank in e-version for following book not an actual textbook. Test Banks are easy-to-use digital downloadable files.

Explores computer-intensive probability and statistics for ecosystem management decision making Simulation is an accessible way to explain probability and stochastic model behavior to beginners. This book introduces probability and statistics to future and practicing ecosystem managers by providing a comprehensive treatment of these two areas. The author presents a self-contained introduction for individuals involved in monitoring, assessing, and managing ecosystems and features intuitive, simulation-based explanations of probabilistic and statistical concepts. Mathematical programming details are provided for estimating ecosystem model parameters with Minimum Distance, a robust and computer-intensive method. The majority of examples illustrate how probability and statistics can be applied to ecosystem management challenges. There are over 50 exercises - making this book suitable for a lecture course in a natural resource and/or wildlife management department, or as the main text in a program of self-study. Key features: Reviews different approaches to wildlife and ecosystem management and inference. Uses simulation as an accessible way to explain probability and stochastic model behavior to beginners. Covers material from basic probability through to hierarchical Bayesian models and spatial/ spatio-temporal statistical inference. Provides detailed instructions for using R, along with complete R programs to recreate the output of the many examples presented. Provides an introduction to Geographic Information Systems (GIS) along with examples from Quantum GIS, a free GIS software package. A companion website featuring all R code and data used throughout the book. Solutions to all exercises are presented along with an online intelligent tutoring system that supports readers who are using the book for self-study.

Make smart business decisions! Recognizing that most students will become managers, and not accountants, Jiambalvo's Managerial Accounting, Second Edition focuses on the knowledge and skills that managers need to make good business decisions. Students and instructors alike have praised the clear and concise writing style - discussions are to the point, ideas are illustrated, and examples are presented to make the ideas concrete. Before you buy, make sure you are getting the best value and all the learning tools you'll need to succeed in your course. If your professor requires eGrade Plus, you can purchase it now at no additional cost. With this special eGrade Plus package you get the new text - no highlighting, no missing pages, no food stains - and a registration code to eGrade Plus, a suite of effective learning tools to help you get a better grade. All this, in one convenient package! eGrade Plus gives you: A complete online version of the textbook Over 1,500 problems from the end-of-chapter problem sets and test bank 2 self-assessment tests per chapter One Demonstration Problem per chapter (a worked out end-of-chapter problem that steps students through that chapter's key concepts) Cases, which promote critical thinking and decision-making skills Learning objectives for each chapter eGrade Plus is a powerful online tool that provides students with an integrated suite of teaching and learning resources and an online version of the text in one easy-to-use website.

Managerial Accounting, 3rd Edition by Charles and Elizabeth Davis offers a modern, practical approach to teaching and learning managerial accounting based on a unique integration of concepts, practice, and business context within distinct and flexible learning units. Praised for its decision-making framework, Managerial Accounting, 3rd Edition, provides students with a better understanding of decisions made by organizations through the inclusion of a Continuing CaseStory, which puts business decisions into context and allows students to see the relevance of managerial accounting to their future careers.
