The Ultimate Fake Book: C Edition (Fake Books): Amazon.co ...

Each song in a fake book contains the melody line, basic chords, and lyrics - the minimal information needed by a musician to make an impromptu arrangement of a song, or "fake it." The fake book is a central part of the culture of playing music in public, particularly in jazz, where improvisation is particularly valued. Fake books are not intended for novices: the reader must follow and interpret the scant notation, and generally needs to have thorough familiarity with chords and sheet music.
