The Junior Chemist Passbook(R) prepares you for your test by allowing you to take practice exams in the subjects you need to study.

Ainsely and Abby have suffered injuries that prevent them from living ordinary lives. Ainsely suffered serious emotional injuries from his parents who at every opportunity unleashed their wrath and scorn at their children. In self-defense Ainsely created a cocoon of indifference that he has cloaked himself with to escape further erosion of his remaining self-esteem. Abby married Brad only because she lacked the courage to say no when he proposed to her. Soon after she realized that Brad suffers from an alcohol addiction, fully prepared to leave Brad she suffers a horrific injury when he crashes their vehicle. Will Ainsely and Abby overcome their respective injuries and enjoy life as it was meant to be enjoyed?

For B.Sc., B.Sc.(Hons.) and M.Sc. Classes of All Indian Universities

'If the ball's there, hit it. Don't worry about what might happen. Play for the glory. Play for the six' Chris Gayle is the only man to have ever hit a six off the first ball of a Test match. But then producing the impossible is an everyday act for the West Indies legend: the first man to smash an international T20 century, the first to hit a World Cup 200, the fastest century in the history of the game. He has hit twice as many T20 sixes as any other man and scored two Test triple centuries. All this is delivered with cricket's biggest bat and an even bigger smile. Off the pitch, millions follow him on Instagram and Twitter to catch a glimpse of a globe-trotting life spent in nightclubs as much as nets, hot-tubs as often as helmets and pads. He plays late, parties later, demolishes a king-size pile of pancakes and then strolls out to mangle another hapless bowling attack. But do we really know him? Do we know what took a shy, skinny kid from a cramped tin-roofed shack in the dusty back streets of Kingston, sharing a bed with three brothers and stealing empty bottles to buy food, to the very top of the cricket world - without losing himself along the way? Outrageous and utterly original, this unputdownable memoir will leave you reeling. Welcome to the world of the Six Machine.

This book recalls the basics required for an understanding of the nanoworld (quantum physics, molecular biology, micro and nanoelectronics) and gives examples of applications in various fields: materials, energy, devices, data management and life sciences. It is clearly shown how the nanoworld is at the crossing point of knowledge and innovation. Written by an expert who spent a large part of his professional life in the field, the title also gives a general insight into the evolution of nanosciences and nanotechnologies. The reader is thus provided with an introduction to this complex area with different "tracks" for further personal comprehension and reflection. This guided and illustrated tour also reveals the importance of the nanoworld in everyday life.

"SSC CGL SOLVED PAPERS 2nd Edition consists of past solved papers of SSC CGL from 2010 to 2017. In all there are 24 Question papers which have been provided year-wise along with detailed solutions. Practicing these questions, aspirants will come to know about the pattern and toughness of the questions asked in the examination. In the end, this book will make the aspirants competent enough to crack the uncertainty of success in the Entrance Examination. The strength of the book lies in the originality of its question papers and Errorless Solutions. The solution of each and every question is provided in detail (step-by-step) so as to provide 100% concept clarity to the students

Essential reading for all studying horticulture and keen gardeners. This clear introduction to the principles underlying the practical applications of horticulture opens up the excitement of growing plants and garden development without readers wading through complex information. Written by a team of highly motivated and experienced horticultural tutors, the text supports the newly restructured RHS Level 2 qualifications with related Level 3 topics in boxes and signposting to Level 4 topics, together with other horticultural qualifications at these levels. Full colour images tied closely to the text and practical case study boxes inspire readers by making topics relevant to their own horticultural experiences. A comprehensive glossary helps build confidence in the use of classical horticulture language as well as new developing terms, and end-of-chapter questions encourage readers to apply what they have learnt. Extensive online supporting material includes mind maps showing the relationship of topics and aiding students in revision.

Spoken by eighty million people, Tamil is one of the great world languages, and one of the few ancient languages that survives as a mother tongue. David Shulman presents a comprehensive cultural history of Tamil, emphasizing how its speakers and poets have understood the unique features of their language over its long history.
