The Human Rights Act is a UK law passed in 1998 that lets you defend your human rights in Court. It enables you to force government, police and local Councils to treat you with fairness, dignity and respect. The Human Rights Act protects all of us and hundreds of people use it to uphold their rights every year.

Do you know your legal rights and responsibilities if you're buying or selling a home, moving in with your partner, returning goods, getting your personal finances in order or dealing with a problematic neighbour? There are a multitude of legal rights to protect individuals, and most of us don't consider them until faced with an immediate legal problem. Boost your legal know-how with this simple guide that does away with the jargon and complication of the law, and helps you get a handle on a wide range of everyday legal issues. UK Law and Your Rights For Dummies shows you how to cut through the reams of red tape, avoid legal pitfalls and prepare yourself to deal with any situation.

Now revised with 30 percent more material, this unbeatable home legal reference is updated to cover recent healthcare and labor legislation as well as changes to privacy rights, estate planning, Social Security, and bankruptcy.

The Human Rights Act 1998 has had a profound effect in numerous private law decisions and has been the subject of extensive academic debate, in particular on the issue of the extent to which it has horizontal effect and its application in disputes between individuals. With contributions from a variety of academics and practitioners, this volume covers and contributes to the academic debate on horizontal effect and considers how theory matches up with case law; the limits of the Act for private law and its impact on key areas including privacy, defamation, negligence, nuisance, property, commercial law and employment. Together, the book provides a practical critique of the areas discussed, which will be of academic interest to theorists and of practical benefit to lawyers and judges who wish to understand how the academic debates can be brought to bear in particular cases.

Now in its third edition, this invaluable handbook offers practical solutions to issues arising in relation to data protection law. It is fully updated and expanded to include coverage of all of the significant developments in the practice of data protection, and takes account of the wealth of guidance published by the Information Commissioner since the last edition. The third edition includes new material on the changes to the Commissioner's powers and new guidance from the Commissioner's office, coverage of new cases on peripheral aspects of data protection compliance and examples of enforcement, the new code on CCTV processing, the new employment code, clarification on the definition of 'personal data', the binding corporate rules on the exemption to the export data ban and the new ICT set of model contractual provisions for data exports, and the proposed action by the EU against the UK for failing to implement the Data Protection Directive appropriately. There are new chapters on terminology and data security.

Publishing Law is an authoritative and engaging guide to a wide range of legal issues affecting publishing today. Hugh Jones and Christopher Benson present readers with clear and accessible guidance to the complex legal areas specific to the ever evolving world of contemporary publishing, including copyright, moral rights, contracts and licensing, privacy, confidentiality, defamation, infringement and trademarks, with analysis of legal issues relating to sales, advertising, marketing, distribution and competition. This new fifth edition presents updated coverage of the key principles of copyright, as well as new copyright exceptions, licensing and open access. There is also further in-depth coverage of the legal issues around the sale of digital content. Key features of the fifth edition include: updated coverage of EU and UK copyright, including a new chapter on copyright exceptions following the significant changes in the 2014 Regulations Comprehensive coverage of publishing contracts with authors, as well as with other providers, including translators, contributors and contracts for subsidiary rights up to date coverage of the Defamation Act 2013, and other changes to EU and UK legislation exploration of the legal issues relating to digital publishing, including eBook and other electronic agreements, data protection and online issues in relation to privacy, and copyright infringement a range of summary checklists on key issues, ranging from copyright ownership to promotion and data protection useful appendices offering an A to Z glossary of legal terms and lists of useful address and further reading.

Your Rights at Work is a comprehensive, jargon-free guide to the legal rights of the employee and the responsibilities of the UK employer. Accessible and reliable, it offers real solutions to the problems and issues that can face anyone at work. Using the law is always a last resort, but if you have to take that step, there is practical advice on that too. Topics covered include: starting a job; parental leave and maternity rights; flexible working; equality law; dismissal and redundancy; pay and holiday rights; grievance procedures and how to enforce your rights. Your Rights at Work is written by employment experts at the Trade Union Congress (TUC). As the people who campaigned for many of the rights set out in this book, there is no one better to explain how they should apply in your workplace and what to do if they don't.

Why do we need laws? What rights are protected by law? When was forensic evidence first used in court? This book explores big questions like these, explaining the laws and legal precedents, and religious, political, and moral codes that have shaped the world we live in. Written in plain English, The Law Book cuts through the legal jargon and is packed with pithy explanations of the most important milestones in legal history, with step-by-step diagrams and witty illustrations that untangle knotty concepts. From the earliest laws, such as the Code of Hammurabi, through groundbreaking legislation including Magna Carta and the Abolition of the Slave Trade Act, The Law Book offers an engaging overview of legal history across the world all the way into the 21st century with copyright in the digital age, same-sex marriage, and the "right to be forgotten". Covering the fight for universal suffrage and workers' rights, and the establishment of international legal bodies like INTERPOL and the European Court of Justice, The Law Book explains the stories behind each milestone development. Continuing the Big Ideas series' trademark combination of authoritative, informative text, and bold graphics, The Law Book uses an innovative visual approach to make the subject accessible to everyone, whether you're a law student, a legal professional, or an armchair expert.
