Colorful early reader's weather book, great for that budding learner in K-1st level. Two reproducible activity sheets for parents and teachers as addendums. Rhythmic, rhyming, and teaches simple weather and season words. Beautiful color illustrations, and letter sizing for earliest readers. Great repetition of high frequency words. A must for every early literacy experience! High frequency and new vocabulary list of 24 introduced words on last page of the book for good measure.

For Computer Systems, Computer Organization and Architecture courses in CS, EE, and ECE departments. Few students studying computer science or computer engineering will ever have the opportunity to build a computer system. On the other hand, most students will be required to use and program computers on a near daily basis. *Computer Systems: A Programmer's Perspective* introduces the important and enduring concepts that underlie computer systems by showing how these ideas affect the correctness, performance, and utility of application programs. The text's hands-on approach (including a comprehensive set of labs) helps students understand the under-the-hood operation of a modern computer system and prepares them for future courses in systems topics such as compilers, computer architecture, operating systems, and networking.
