getting to the roots of poverty | One World Festival

poverty depend on the stories they're told about it, according to two surveys of more than 32,000 people in 34 countries, including New Zealand. Those who believed poverty was caused by situational factors, or things out of people's control, supported social-levelling policies. People who believed poverty was due to individual factors, such as merit, were less egalitarian.

The roots of poverty | New Zealand Geographic

world poverty provides a general summary of world poverty at the beginning of the 21st century, then an introduction to modern world system theory and its attempts to explain world poverty and inequality.
